## Whistle Blowing Policy

Agreed by governors

March 2019  
Review Date March 2021

To be read in conjunction with the Child Protection Policy

## **Introduction**

The staff and governors of Blue Gate Fields Infant School seek to run all aspects of school business and activity with full regard for high standards of conduct and integrity. In the event that members of school staff, parents, governors or the school community at large become aware of activities which give cause for concern, Blue Gate Fields Infant School has established the following whistle blowing policy, or code of practice, which acts as a framework to allow concerns to be raised confidentially and provides for a thorough and appropriate investigation of the matter to bring it to a satisfactory conclusion.

Throughout this policy, the term *whistleblower* denotes the person raising the concern or making the complaint. It is not meant in a pejorative sense and is entirely consistent with the terminology used by Lord Nolan as recommended in the *Second Report of the Committee on Standards in Public Life: Local Spending Bodies* published in May 1996.

All members of staff must acknowledge their individual responsibility to bring matters of concern regarding the actions or attitude of others to the attention of senior management or other relevant agencies. Although this could be difficult, this is particularly important where the welfare of children may be at risk. (See Child Protection Policy for further details)

Blue Gate Fields Infant School is committed to tackling fraud and other forms of malpractice and treats these issues seriously. The School recognises that some concerns may be extremely sensitive and has therefore developed a system that allows for the confidential raising of concerns within the school environment but also has recourse to an external party outside the management structure of the school.

Blue Gate Fields Infant School is committed to creating a climate of trust and openness so that a person who has a genuine concern or suspicion can raise the matter with full confidence that the matter will be appropriately considered and resolved.

The provisions of this policy apply to matters of suspected fraud and impropriety and not matters of more general grievance that would be dealt with under the School's grievance procedures.

## **When might the whistle blowing policy apply?**

The type of activity or behaviour which Blue Gate Fields Infant School considers should be dealt with under this policy includes:

- concerns relating to the safety of children (Child Protection and Allegations against member of staff)

- manipulation of accounting records and finances
- inappropriate use of school assets or funds
- decision-making for personal gain
- any criminal activity
- abuse of position
- fraud and deceit
- serious breaches of school procedures which may advantage a particular party (for example tampering with tender documentation, failure to register a personal interest)

### **What action should the *whistleblower* take?**

Blue Gate Fields Infant School encourages the *whistleblower* to raise the matter internally in the first instance to allow those school staff and governors in positions of responsibility and authority the opportunity to right the wrong and give an explanation for the behaviour or activity.

Blue Gate Fields Infant School has designated a number of individuals to specifically deal with such matters and the whistleblower should approach the appropriate person to deal with the matter.

### **How will the matter be progressed?**

The individual(s) in receipt of the information or allegation (the investigating officer(s)) will carry out a preliminary investigation. This will seek to establish the facts of the matter and assess whether the concern has foundation and can be resolved internally. The initial assessment may identify the need to involve third parties to provide further information, advice or assistance, for example involvement of other members of school staff, legal or personnel advisors, the police, the Department for Children, Schools and the Family, the London Borough of Tower Hamlets.

Records will be kept of work undertaken and actions taken throughout the investigation. The investigating officer(s), possibly in conjunction with the governing body, will consider how best to report the findings and what corrective action needs to be taken. This may include some form of disciplinary action or third party referral such as the police.

The *whistleblower* will be informed of the results of the investigation and the action taken to address the matter. Depending on the nature of the concern or allegation and whether or not it has been substantiated, the matter will be reported to the governing body and the London Borough of Tower Hamlets. If the *whistleblower* is dissatisfied with the conduct of the investigation or resolution of the matter or has genuine concerns that the matter has not been handled appropriately, the concerns should be raised with the investigating officer(s), the governing body and/or directed to the London Borough of Tower Hamlets.

**Respecting confidentiality**

Wherever possible Blue Gate Fields Infant School seeks to respect the confidentiality and anonymity of the *whistleblower* and will as far as possible protect him/her from reprisals. The School will not tolerate any attempt to victimise the *whistleblower* or attempts to prevent concerns being raised and will consider any necessary disciplinary or corrective action appropriate to the circumstances.

**Raising unfounded malicious concerns**

Individuals are encouraged to come forward in good faith with genuine concerns with the knowledge they will be taken seriously. If individuals raise malicious unfounded concerns or attempt to make mischief, this will also be taken seriously and may constitute a disciplinary offence or require some other form of penalty appropriate to the circumstances.

**Conclusion**

Existing good practice within Blue Gate Fields Infant School in terms of its systems of internal control both financial and non-financial and the external regulatory environment in which the school operates ensure that cases of suspected fraud or impropriety rarely occur. This whistle blowing policy is provided as a reference document to establish a framework within which issues can be raised confidentially internally and if necessary outside the management structure of the school. This document is a public commitment that concerns are taken seriously and will be actioned.

The whistle blowing procedures were approved by governors in May 2019 and signed by the chair of governors.
