

Humanities - Year 1

Topic - London Focus - Local environment (Shadwell)

Mars Class went on a local walk of Shadwell to recognise and identify local *human* (man-made) features.

Can you identify some of the local human features?

Did you guess them correctly? How many did you recognise?

Which of the above human features is a local landmark?

Can you recognise what any of these other human features are?

How many did you get right?
