

Sports Funding

All Primary schools now receive additional funding to improve Physical Education and Sports in their schools. In 2019 - 2020 Blue Gate Fields Infant School receives £17,760.

We have used this additional funding to employ a specialist sports coach to work with the children and teachers both during PE lessons and lunch time clubs.

Working in partnership with the specialist teachers has benefitted the children and teachers by developing their skills in all aspects of PE. The lunch time basketball club has been instrumental in helping children to control their actions and learn to be more strategic when playing team games.
