

FREE VIRTUAL CARBON MONOXIDE AWARENESS SESSIONS

FAQ: Year 2 & 3 Teachers

FREE virtual Carbon Monoxide Awareness Session.

PLUS FREE CO Alarms & Activity Pack

Keeping Families Safe - With us spending increased time at home, it's more important than ever to engage with children and their families to raise awareness of carbon monoxide.

Our superhero bear (Safety Seymour) is on a mission to educate your Yr 2 & Yr 3 pupils and would love to virtually visit their class, with a FREE workshop. The 2 x 45min sessions are delivered live by one of our arts workers using Microsoft Teams and are both fun and engaging for the children.

Every participating child will take home a **FREE** carbon monoxide alarm and activity pack. The sessions are fully funded by Cadent Gas Limited.

We have had fantastic feedback from the virtual sessions that have taken place so far...

"It worked very well doing the sessions via Teams.

The children were as engaged as they have been previously with face-to-face sessions. The activities worked well, they are well planned and delivered"

"Enjoyable and interactive, session was well timed.

The video was a good way to introduce carbon monoxide, the active involvement of children in discussions were good too."

"Thank you so much for our session today. The children absolutely loved it!!! Gil was amazing and so enthusiastic she had the children really engaged."

BOOK NOW

It's quick and easy to do, just book one session per class.
